

[eating the sun]

I almost

almost
believe

in consuming
the sun
in handfuls

all red handed

this would be
an example of
my faith in mankind

I do

I do believe
in pain

and its
being more necessary
than we put on

this would be an
example of my faith
in you

and why
I'll never give
you leave of me

you'll deal

as we all do

with pain and
eating the sun
